

Middle school science teams score competition success

The Shakopee Middle School Science Olympiad teams will move on to the state tournament after scoring big at the regional competition at Minnetonka East Middle School on Jan. 30.

The teams, which are made up of 40 6th and 7th graders, competed in a division that includes 9th graders. The teams competed in 11 events that tested their engineering and problem solving abilities, as well as their knowledge in science.

They won first and third places in meteorology, first place in anatomy, first and third places in Write It Do It, second place in Can't Judge a Powder, and third place in Elevated Bridge.

The teams advance to the state tournament which will be held at the University of St. Thomas on March 6.
