# ABOUT US

Shakopee Public Schools offers a complete educational experience. Our faculty and staff are dedicated to helping students excel, and providing the best educational opportunities so that our students are college and career ready.

We offer exceptional programming from early childhood to all-day, every day kindergarten, community education, Advanced Placement, Shakopee CAPS, College in the Schools courses, Project Lead the Way and Advancement Via Individual Determination (AVID) courses.

Additionally, our district implemented the Academies of Shakopee in the fall of 2018 when the expanded Shakopee High School opened after it nearly doubled in size. The academies are small learning communities of students and teachers organized around areas of interest. The Academies of Shakopee offer a welcoming, inclusive environment within a large high school setting and help improve student success in postsecondary programs and career.
