## PROGRAM DESCRIPTION

**Shakopee CAPS Healthcare and Medicine** program fully immerses students in St. Francis Regional Medical Center providing unprecedented access to real world experiences in the dynamic field of healthcare and medicine. Partnering with experienced medical professionals, students will advance their understanding of healthcare systems, communications, legal issues, medical terminology, patient care, professionalism, ethics, and explore many career opportunities in healthcare.

Shakopee CAPS requires students to be active, independent learners and fosters empowerment, self-discovery, collaboration, and critical thinking skills. Students will engage in a variety of opportunities including case studies, problem and project-based learning, tours, and job shadowing experiences. Through guided mentoring, students will participate in an internship experience that encompasses their personal interest in healthcare and medicine.

## POTENTIAL PROJECT EXAMPLES

- › Create a plan to reduce discharge wait times.
- › Create tactics to improve employee and physician engagement.
- › Develop an ambulatory surgery program that results in high experience scores for patients, staff, and surgeons.
- › Generate a marketing plan for the hospital that focuses on eliminating distracted driving.
