

What is Work-Based Learning?

Work-based learning gives you the opportunity to have hands-on experiences in the work place. It can include internships, paid experiences, job shadows and on the job training.

TOKATA LEARNING CENTER WORK-BASED LEARNING

SHAKOPEE PUBLIC SCHOOLS

WHY WORK-BASED LEARNING?

1. Learn new skills.
2. Explore your interests and skills.
3. Learn how your workplace rights.
4. Explore career paths and interests.
5. Practice the attitudes that employers seek in successful employees.
6. Increase your success at school.
7. Get paid and earn credits.
8. Make connections that will help you after graduation.
9. Develop a plan for after graduation.

Work-based learning looks beyond the classroom to expand academic and technical learning and accelerate advancement along career pathways.

Deborah Kobes

OUR PROGRAM

TLC SEMINAR & ADULTING 101

Explore Tokata. Explore your unique story. What are your strengths? What are your challenges? Honor our survival. What new tools can we learn to help improve our success?

What kinds of skills and abilities do I need to be a successful adult? Explore healthy relationships, practice healthy communication skills, cultivate resilience, learn about budgeting, taxes, insurance and car loans.

WORKBASED LEARNING PREPARATION

Prepare for your work-based learning placement. What soft skills are needed to be successful? What careers am I interested in? What are my unique talents and interests? How do I apply for jobs and have a successful interview? What laws exist that keep me safe in the work place and protect my rights?

WORK-BASED LEARNING

Participate in an internship, paid experience, job shadow or job training.
