FCA (Fellowship of Christian Athletes)

**Name of Proposed Club:**

Zach Haskins

**Name of Proposed Advisor:**

**Statement of Purpose:**

FCA Mission Statement: To lead every coach and athlete into a growing relationship with Jesus Christ and His church.

**Description of club goals:**

FCA Vision Statement: To see the world transformed by Jesus Christ through the influence of coaches and athletes.

**Description of the leadership structure:**

The teacher leader is just there to get things started and rolling. Once the club is up and running, the goal will be to have student athlete leaders be the leaders of the club.

**Description of the decision-making process:**

The decision making process will be student driven (keeping the purpose of FCA in mind), with input and suggestions from the advisor.

**Description of anticipated activities to be sponsored by the club:**

The club will do icebreakers, give testimonies, pray and fellowship with each other at each meeting.

**Description of any anticipated need for funds or fundraising:**

N/A. This club should not need funds.

American Sign Language Club

**Name of Proposed Club:**

Katie Pierce

**Name of Proposed Advisor:**

**Statement of Purpose:**

Teaching students of Shakopee High School about American Sign Language and spreading awareness about sign language and the deaf community and those with special needs.

**Description of club goals:**

In the ASL club students would come together to learn sign language, learn about the history behind ASL, and learn and spread awareness about the deaf community and the way that ASL is used in the community.

**Description of the leadership structure:**

In the club, we would focus on the main topic for the day, for example, greetings. There would be a leader and hopefully, members would be willing to help out with the duties of the club. The club as a whole will have a leader to set up dates, times, and other important events, but the club should be mainly run by the members.

**Description of the decision-making process:**

The decisions in the club will be up to the members of the club with insight from the advisor on their opinions.

**Description of anticipated activities to be sponsored by the club:**

Currently not applicable

**Description of any anticipated need for funds or fundraising:**

Currently not applicable.

Spanish Club

**Name of Proposed Club:**

Profes Beran and Germundson

**Name of Proposed Advisor:**

**Statement of Purpose:**

This is a new student group designed for the students that have and want to retain their knowledge from a Spanish 3 level and above. It is a major concern for anyone learning a language to be able to retain the information they have learned and be able to build on their knowledge by the time they take the next level of Spanish.

**Description of club goals:**

Oftentimes, students end up forgetting much of what they have learned the year prior, so the profes have to spend a large chunk of their time going over what they have already taught. This club could help prevent some of this forgetfulness and enhance Spanish students' skills through extra activities and practice.

**Description of the leadership structure:**

This can be casually set up. It can just be a group of students that want to practice their skills, no strings attached.

**Description of the decision-making process:**

I don't think there would be any major decisions that would need to be made. If there were, I think the profes could just casually check in on what the students think and would like to do.

**Description of anticipated activities to be sponsored by the club:**

Some ideas include watching a Spanish movie, volunteering with the Spanish speaking community, creating posters, playing Spanish charades, teaching Spanish to little kids, scavenger hunt but with only Spanish clues.

**Description of any anticipated need for funds or fundraising:**

I don't think we'll need any major funding for anything.

Astrology Crystals Tarot Astronomy (ACTA)

**Name of Proposed Advisor:**

Ms. CarolAnn Hook

**Statement of Purpose:**

The purpose of this club is to gather people with the common interest of astrology every month and create an environment where we can spread knowledge, educate, and bond with others.

**Description of club goals:**

ACTA aims to educate people about astrology, crystals, tarot, and astronomy. Our goal is to introduce mindfulness for taking care of mental and emotional health. This would be done by giving members inspiration to use their knowledge about topics we've learned, as a group, outside of the club and throughout their life. We also hope to present astrology to those who are a stranger to it and create new friendships by providing memorable small group activities. Ultimately, we would like to encourage students to get in touch with their spiritual side and explore a different perspective of the world.

**Description of the leadership structure:**

This club would have two students sharing the leadership role. Co-presidents will be their given titles. They would have equal responsibility and authority. We see no need for additional authoritative leadership roles as we hope to have a team-dynamic in our student organization. Shreya Jain and Ella Terhorst would act as co-presidents for the club's first school year. Future prospective co-presidents will be determined by current co-presidents of the club through interviews and/or applications. Upperclassmen will receive seniority when it comes to being a potential co-president. Potential co-presidents must be a high school junior or senior during the time they would serve as a co-president, as the maximum time they would be able to have a leadership role would be two years.

**Description of the decision-making process:**

Since ACTA is meant to be a team effort, co-presidents would discuss important decisions first and then present it to the rest of the club for a final decision (including the club advisor). ACTA values the opinion of every member, no matter if they're new to astrology or an expert.

**Description of anticipated activities to be sponsored by the club:**

To implement hands-on learning, co-presidents would be responsible for demonstrating how to read tarot cards and bring extra decks for members to practice with. They would also do an interactive manifesting meeting. Spiritual manifestation combines positive thinking and meditation to attract pre-set intentions such as good fortunes. They would teach how one can compliment their manifestation with certain elements of nature, such as crystals and candles. Members would be allowed to bring in their own crystal collection for a show-and-tell setting during the crystals meeting. ACTA would foster intimate small group activities like horoscope readings.

**Description of any anticipated need for funds or fundraising:**

N/A

**Name of Proposed Club:** CSC (Computer Science Club)

**Name of Proposed Advisor:** Mr. Teut

**Statement of Purpose:** Computer science club aimed at learning together and having compositions

**Description of club goals:** Help students learn and gain an interest about the tech field, specifically coding.

**Description of the leadership structure:** Leader, officers/representatives, social media manager, recruiters

**Description of the decision-making process:** Make decision with entire leadership team, vote on decisions to be final. Based around the groupme for communication with the leaders (founder and co-founders will lead).

**Description of anticipated activities to be sponsored by the club:** We intend to make this activity competitive and that idea comes first. Possibly starting with student-led google meets with other schools to eventually reaching to actual competitions. However, to begin with just learning fundamentals.

**Description of any anticipated need for funds or fundraising:** Funding for the competition whether that be concessions, judges, setup parts, etc. This will be later on. (AKA FUTURE IDEAS).
