# BEGINNING TENNIS

## GRADES 2-5

You're never too young to start learning and loving the game of tennis!

Tennis is a life-long sport that:

- \* is a perfect social activity
- \* improves agility, flexibility and balance
- \* relieves stress

Our energetic coaches will teach the basics (forehands, backhands, volleys and serves) as well as scoring.

All equipment is provided due to a generous grant from the United States Tennis Association.
