SHAKOPEE ONLINE

Shakopee Online is a K-12 virtual program that provides equitable educational opportunities for all students. The online classroom will focus on building relationships while providing exceptional online learning experiences. With Shakopee Online, you can expect regular LIVE instruction and interaction with a licensed Shakopee teacher, engage in interesting and rigorous coursework with timely feedback and assistance as needed, personalize your work time to fit your individualized needs and receive your required support services (Special Education, 504 supports, English Learner)

☐

SHAKOPEE IHD

'IHD' in Shakopee -IHD stands for:
I = In-person learning
H = Hybrid learning
D = Distance learning.

The term IHD is used to indicate this program may shift from one type of learning to another in response to the conditions of the COVID-19 pandemic; **(I)-In-Person** , **(H)-Hybrid**, or **(D) Distance** learning. Students choosing the IHD learning model will attend their regular schools **every other day** when the conditions allow for **(H)-Hybrid** learning. Schools will work on an A/B Day rotation. On the days your student is at home, they will do schoolwork and receive instruction on their iPads.

Students in Shakopee IHD will move to **(D) Distance** learning if/when the pandemic conditions dictate. This means that all students will receive instruction at home every day. It is likely a student may shift from one form to another form of learning throughout the school year. When students are in school, operations will be different than years past. There will be social distancing, mask wearing and much more sanitizing and hand washing. Movement within the buildings will be restricted in order to keep students and staff safe.

The **(I)-In-Person** learning part of IHD would be a return to all students on site every day. Dependent on the state of the pandemic, certain health and safety cautions may be modified, others may remain in place.

BUSING - Students choosing **IHD** who qualify for busing based on their home address must indicate if they want to be bused or if the parent will bring the student to/from school on the days they are to attend. Please indicate your preference below.

☐ **Yes, I want my child to be bussed to school if they qualify for busing.**

☐ **No - I do not want busing for my student. I will transport him/her to and from school on their assigned days.**
