

620 CREDIT FOR LEARNING

[Note: School districts statutorily are required to provide students with credit for approved post-secondary courses, as set forth in Section V.; online learning courses, as set forth in Section VI.; and accelerated or advanced academic courses offered by a higher education institution or nonprofit public agency, as set forth in Section VII. Additionally, school districts are required by statute to identify whether the school district offers weighted grades and, if it does, identify the courses for which a student may earn a weighted grade (Section VIII). Optional provisions related to awarding credit to students transferring from out-of-state, private, or home schools and the issuance of student grades for purposes of awarding certain honors, as set forth in Section IV., are not required by statute. Therefore, the language contained in Section IV. is suggested language, and a school district may or may not include this section or may modify this section at its discretion.]

I. PURPOSE

The purpose of this policy is to recognize student achievement which occurs in Post-Secondary Enrollment Options and other advanced enrichment programs. The purpose of this policy also is to recognize student achievement which occurs in other schools, in alternative learning sites, in out-of-school experiences, and as outlined by Shakopee School District's Credit for Prior Learning procedures. The purpose of this policy also is to address the transfer of student credit from out-of-state, private, or home schools and online learning programs and to address how the school district will recognize student achievement obtained outside of the school district.

II. GENERAL STATEMENT OF POLICY

The policy of the school district is to provide a process for awarding students credit toward graduation requirements for credits and grades students complete in other schools, post-secondary or higher education institutions, other learning environments, and online courses and programs.

III. DEFINITIONS

- A. "Accredited school" means a school that is accredited by an accrediting agency, recognized according to Minnesota Statutes section 123B.445 or recognized by the Commissioner of the Minnesota Department of Education (Commissioner).
- B. "Blended learning" is a form of digital learning that occurs when a student learns part time in a supervised physical setting and part time through digital delivery of

instruction, or a student learns in a supervised physical setting where technology is used as a primary method to deliver instruction.

- C. "Concurrent enrollment" means nonsectarian courses in which an eligible pupil under Minnesota Statutes, section 124D.095, subdivision 5 or 5b, enrolls to earn both secondary and postsecondary credits, are taught by a secondary teacher or a postsecondary faculty member, and are offered at a high school for which the district is eligible to receive concurrent enrollment program aid under Minnesota Statutes, section 124D.091.
- D. "Course" means a course or program.
- E. "Commissioner" means the Commissioner of MDE.
- F. "Digital learning" is learning facilitated by technology that offers students an element of control over the time, place, path, or pace of their learning and includes blended and online learning.
- G. "Eligible institution" means a Minnesota public post-secondary institution, a private, nonprofit two-year trade and technical school granting associate degrees, an opportunities industrialization center accredited by an accreditor recognized by the United States Department of Education, or a private, residential, two-year or four-year, liberal arts, degree-granting college or university located in Minnesota.
- H. "Nonpublic school" is a private school or home school in which a child is provided instruction in compliance with the Minnesota compulsory attendance laws.
- I. "Online learning" is a form of digital learning delivered by an approved online learning provider.
- J. "Online learning provider" is a school district, an intermediate school district, an organization of two or more school districts operating under a joint powers agreement, or a charter school located in Minnesota that provides online learning to students and is approved by MDE to provide online learning courses.
- K. "Weighted grade" is a letter or numerical grade that is assigned a numerical advantage when calculating the grade point average.

IV. TRANSFER OF CREDIT FROM OTHER SCHOOLS

- A. Transfer of Academic Requirements from Other Minnesota Public Secondary Schools
 - 1. The school district will accept and transfer secondary credits and grades awarded to a student from another Minnesota public secondary school

upon presentation of a certified transcript from the transferring public secondary school evidencing the course taken and the grade and credit awarded.

B. Transfer of Academic Requirements from Other Schools

1. The school district will accept secondary credits and grades awarded to a student for courses successfully completed at a public school outside of Minnesota or an accredited nonpublic school upon presentation of a certified transcript from the transferring public school in another state or nonpublic school evidencing the course taken and the grade and credit awarded.
 - a. When a determination is made that the content of the course aligns directly with school district graduation requirements, the student will be awarded commensurate credits and grades.
 - b. In the event the content of a course taken at an accredited nonpublic school or public school in another state does not fully align with the content of the school district's high school graduation requirements but is comparable to elective credits offered by the school district for graduation, the student may be provided elective credit applied toward graduation requirements.
2. Students transferring from a non-accredited and/or nonpublic school shall receive credit from the school district upon presentation of a transcript or other documentation evidencing the course taken and grade and credit awarded.
 - a. Upon request, students will be required to provide copies of course descriptions, syllabi, or work samples for determination of appropriate credit. Upon request, students also may be asked to provide interviews/conferences with the student and/or student's parent and/or former administrator or teacher; review of a record of the student's entire curriculum at the nonpublic school; and review of the student's complete record of academic achievement.
 - b. Where the school district determines that a course completed by a student at a non-accredited, nonpublic school is commensurate with school district graduation requirements, credit shall be awarded, but the grade shall be "P" (pass).
 - c. In the event the content of a course taken at a non-accredited, nonpublic school does not fully align with the content of the school district's high school graduation requirements but is comparable to elective credits offered by the school district for graduation, the

student may be provided elective credit applied toward graduation requirements. Credit shall be awarded, but the grade shall be “P” (pass).

V. POST-SECONDARY ENROLLMENT CREDIT

- A. A student who satisfactorily completes a post-secondary enrollment options course or program under Minnesota Statutes section 124D.09 that has been approved as meeting the necessary requirements is not required to complete other requirements of the Minnesota Academic Standards content standards corresponding to that specific rigorous course of study.
- B. Secondary credits granted to a student through a post-secondary enrollment options course or program that meets or exceeds a graduation standard or requirement shall be counted toward the graduation and credit requirements of a student completing the Minnesota Academic Standards.
 - 1. Course credit will be considered by the school district only upon presentation of a certified transcript from an eligible institution evidencing the course taken and the grade and credit awarded.
 - 2. Seven quarter or four semester post-secondary credits shall equal at least one full year of high school credit. Fewer post-secondary credits may be prorated.
 - 3. When a determination is made that the content of the post-secondary course aligns directly with a required course for high school graduation, the commensurate credit and grade will be recorded on the student's transcript as a course credit applied toward graduation requirements.
 - 4. In the event the content of the post-secondary course does not fully align with the content of a high school course required for graduation but is comparable to elective credits offered by the school district for graduation, the school district may provide elective credit and the grade will be recorded on the student's transcript as an elective course credit applied toward graduation requirements.
 - 5. If no comparable course is offered by the school district for which high school graduation credit would be provided, the school district may award the student an elective credit applied toward graduation.
 - 6. When secondary credit is granted for post-secondary credits taken by a student, the school district will record those credits on the student's transcript as credits earned at a post-secondary institution.

- C. Shakopee High School will provide guidance regarding the necessary requirements for credit toward graduation.
- D. By the earlier of (1) three weeks prior to the date by which a student must register for district courses for the following school year, or (2) March 1 of each year, the school district must provide up-to-date information on the district's website and in materials that are distributed to parents and students about the program, including information about enrollment requirements and the ability to earn postsecondary credit to all pupils in grades 8, 9, 10, and 11. To assist the school district in planning, a pupil must inform the district by October 30 or May 30 of each year of the pupil's intent to enroll in postsecondary courses during the following ~~school year~~ academic term. A pupil is bound by notifying or not notifying the district by October 30 or May 30.

[NOTE: Because the 2024 Minnesota legislature amended the last two sentences, MSBA decided to add this language to this model policy.]

- E. Postsecondary institutions must notify a pupil's school as soon as practicable if the pupil withdraws from the enrolled course. The institution must also notify the pupil's school as soon as practicable if the pupil has been absent from a course for ten consecutive days on which classes are held, based on the postsecondary institution's academic calendar, and the pupil is not receiving instruction in their home or hospital or other facility.

[NOTE: The 2024 Minnesota legislature enacted this provision.]

VI. CREDIT FROM ONLINE LEARNING COURSES

- A. Secondary credits granted to a student through a Minnesota Department of Education accredited online learning provider, that meets or exceeds a graduation standard or requirement, shall be counted toward the graduation and credit requirements of a student completing the Minnesota Academic Standards. Shakopee schools will only accept courses accredited from the list of Minnesota Department of Education Online Learning providers.
- B. Course credit will be considered only upon official documentation from the online learning provider evidencing the course taken and the grade and credit awarded to the student.
- C. When a student provides documentation from an online learning provider, the course credit and course grade shall be recorded and counted toward graduation credit requirements for all courses or programs that meet or exceed the school district's graduation requirements in the same manner as credits are awarded for students transferring from another Minnesota public school as set forth in Section IV.A. above.

VII. ADVANCED ACADEMIC CREDIT

- A. The school district will grant academic credit to a student attending an accelerated or advanced academic course offered by a higher education institution or a nonprofit public agency, other than the school district.
- B. Course credit will be considered only upon official documentation from the higher education institution or nonprofit public agency that the student successfully completed the course attended and passed an examination approved by the school district as outlined by the Shakopee School District's Credit by Assessment procedures.
- C. When a determination is made that the content of the advanced academic course aligns directly with a required course for high school graduation, the commensurate credit and grade will be recorded on the student's transcript as a course credit applied toward graduation requirements.
- D. In the event the content of the advanced academic course does not fully align with the content of a high school course required for graduation but is comparable to elective credits offered by the school district for graduation, the school district may provide elective credit and the grade will be recorded on the student's transcript as an elective course credit applied toward graduation requirements.
- E. If no comparable course is offered by the school district for which high school graduation credit would be provided, the school district may award the student an elective credit applied toward graduation.

VIII. WEIGHTED GRADES

[NOTE: School districts must identify in policy whether they offer courses with weighted grades. Therefore, school districts must include one of the following options in their policies. A school board must adopt an identical policy regarding weighted grade point averages for credits earned via postsecondary coursework as it gives to credits earned via concurrent enrollment coursework.]

- A. The school district offers weighted grades for courses that are identified as more rigorous or academically challenging as follows:

Grades are weighted for college-level courses provided by a nationally accredited program. Grades will be weighted in the following manner:

Any grade of 'A' is awarded an additional 0.6 grade points.

Any grade of 'B' is awarded an additional 0.4 grade points.

Any grade of 'C' is awarded an additional 0.2 grade points.

Grades of 'D' or 'F' receive no additional grade points.

B. The Shakopee School District maintains a list of courses which award weighted grades in the high school registration guide that is available on the Shakopee High School website.

IX. PROCESS FOR AWARDING CREDIT

- A. The building principal will be responsible for carrying out the process to award credits and grades pursuant to this policy. The building principal will notify students in writing of the decision as to how credits and grades will be awarded.
- B. A student or the student's parent or guardian may seek reconsideration of the decision by the building principal as to credits and/or grades awarded upon request of a student or the student's parent or guardian if the request is made in writing to the superintendent within five school days of the date of the building principal's decision. The request should set forth the credit and/or grade requested and the reason(s) why credit(s)/grade(s) should be provided as requested. Any pertinent documentation in support of the request should be submitted.
- C. The decision of the superintendent as to the award of credits or grades shall be a final decision by the school district and shall not be appealable by the student or student's parent or guardian except as set forth in Section IX.D. below.
- D. If a student disputes the number of credits granted by the school district for a particular post-secondary enrollment course, online learning course, or advanced academic credit course, the student may appeal the school district's decision to the Commissioner. The decision of the Commissioner shall be final.
- E. At any time during the process, the building principal or superintendent may ask for course descriptions, syllabi, or work samples from a course where content of the course is in question for purposes of determining alignment with graduation requirements or the number of credits to be granted. Students will not be provided credit until requested documentation is available for review, if requested.
