# Stepping Stones Preschool

The skills needed for school and life are learned well before the age of six. With an impeccable facility that supports a variety of learning opportunities to licensed teachers and supportive staff, the Stepping Stones Preschool at Pearson Early Learning Center is a truly rewarding program for young learners of all abilities.

# Parent Aware & Pyramid Model

Did you know Pearson Early Learning Center is a Four-Star Parent Aware preschool? This designation indicates that Stepping Stones Preschool early education programs use research-based practices to best prepare children for kindergarten. Instructional programming also includes innovative approaches that infuse STEAM (Science, Technology, Engineering, Art, and Math) concepts as well as the Pyramid Model.

The Pyramid Model supports the social and emotional growth of each child through dedicated social-emotional curriculum, practices and interventions.

Registration

We are excited to offer enhanced online registration through Eleyo for the 2023/24 school year.

You must have an Eleyo account to access Stepping Stones Preschool Registration. If you have an account, select the "Sign In" button (top right of the website). If not, please create an Account (bottom right).

Each child must be added as a family member in your account prior to registering for the 2023/24 school year.

### Step 2: Complete Student Information

Once you've successfully registered your child(ren), you will receive a confirmation email with a link to complete the final online student information packet required for a certified preschool program. This link will direct you to Infinite Campus and the information must be completed before your child's first day of preschool.
