

**Shakopee Public Schools Policy 524**  
**INTERNET ACCEPTABLE USE AND SAFETY POLICY**  
*Please reference full statement of Policy 524 within the District Policy Manual.*  
*Adopted 4-23-07*

- A. The following uses of the school district system and Internet resources or accounts are considered unacceptable:
1. Users will not use the school district system to access, review, upload, download store, print, post, receive, transmit or distribute:
    - a. pornographic, obscene or sexually explicit material or other visual depictions that are harmful to minors;
    - b. obscene, abusive, profane, lewd, vulgar, rude, inflammatory, threatening, disrespectful, or sexually explicit language;
    - c. materials that use language or images that are inappropriate in the education setting or disruptive to the educational process;
    - d. information or materials that could cause damage or danger of disruption to the educational process;
    - e. materials that use language or images that advocate violence or discrimination toward other people (hate literature) or that may constitute harassment or discrimination.
  2. Users will not use the school district system to knowingly or recklessly post, transmit or distribute false or defamatory information about a person or organization, or to harass another person, or to engage in personal attacks, including prejudicial or discriminatory attacks.
  3. Users will not use the school district system to engage in any illegal act or violate any local, state or federal statute or law.
  4. Users will not use the school district system to vandalize, damage or disable the property of another person or organization, will not make deliberate attempts to degrade or disrupt equipment, software or system performance by spreading computer viruses or by any other means, will not tamper with, modify or change the school district system software, hardware or wiring or take any action to violate the school district's security system, and will not use the school district system in such a way as to disrupt the use of the system by other users.
  5. Users will not use the school district system to gain unauthorized access to information resources or to access another person's materials, information or files.
  6. Users will not use the school district system to post, transmit or distribute personal information about another person classified by state or federal law as private, confidential or not public.
  7. Users will not attempt to gain unauthorized access to the school district system or any other system through the school district system, attempt to log in through another person's account, or use computer accounts, access codes or network identification other than those assigned to the user. Messages and records on the school district system may not be encrypted without the permission of appropriate school authorities.
  8. Users will not use the school district system to violate copyright laws or usage licensing agreements, or otherwise to use another person's property without the person's prior approval or proper citation, including the downloading or exchanging of pirated software or copying software to or from any school computer, and will not plagiarize works they find on the Internet.
  9. Users will not use the school district system for conducting business, for unauthorized commercial purposes or for financial gain unrelated to the mission of the school district. Users will not use the school district system to offer or provide goods or services or for product advertisement.
- B. If a user inadvertently accesses unacceptable materials or an unacceptable Internet site, the user shall immediately disclose the inadvertent access to an appropriate school district official. In the case of a school district employee, the immediate disclosure shall be to the employee's immediate supervisor and/or the building administrator. This disclosure may serve as a defense against an allegation that the user has intentionally violated this policy. In certain rare instances, a user also may access otherwise unacceptable materials if necessary to complete an assignment and if done with the prior approval of and with appropriate guidance from the appropriate teacher or, in the case of a school district employee, the building administrator.

*The use of the school district system and access to use of the Internet is a privilege, not a right. Depending on the nature and degree of the violation and the number of previous violations, unacceptable use of the school district system or the Internet may result in one or more of the following consequences: suspension or cancellation of use or access privileges; payments for damages and repairs; discipline under other appropriate school district policies, including suspension, expulsion, exclusion or termination of employment; or civil or criminal liability under other applicable laws.*
